Charlene,

Please let me know what you find inaccurate and I will try to change it. If you add anything, just provide me with language.

As an alternative, we could omit the ACHP from this notice. As I understand it, you don't need to file anyway, as ACHP is exempt from the FCC's ex parte rules.

John

I don't agree with some of the points in this letter, and would ask that they be revised as a record of this meeting. I will get with Javier to see how we should proceed.
